

# ZERTIFIKAT - CERTIFICATE

## **DARTSCH SCIENTIFIC GMBH** **Institute for Cell Biological Test Systems**

herewith certifies that the product named

### **ENEU HarmoNice**

manufactured by

**ENEU vGmbH, Raingasse Nr. 14**  
**I - 39100 Bozen (BZ)**

has been successfully examined with organ-specific cell cultures for its efficacy to compensate unwanted mobile phone & WLAN radiation

### **Test Results**

The conducted animal-free investigations with organ-specific cell cultures have proven the potential of the ENEU HarmoNice in this respect. About 90% of the values of the untreated control cultures were achieved in the bioassays after mobile phone radiation & WLAN. The unwanted cellular effects were reduced in a statistically significant manner by using the ENEU HarmoNice when compared with the unprotected cell cultures.

Therefore, the use of the ENEU HarmoNice can be highly recommended as a protection shield against unwanted radiation in order to improve and maintain well-being.
